### Local Affairs.

We regret very much that the citizens of this township felt constrained to raise the local issue at the polls on Tuesday. It had been our most earnest desire that these matters should not enter into the canvass; but in this we were disappointed. The people here thought they were justified in the course they pursued; the result proves that in some points, at least, they were mistaken. We shall not stop to even name the causes for their action. It is past, and cannot be amended, and no good can be accomplished by a rehears. al of errors, real or supposed on the part of others.

It is with real pleasure we turn to the action of the voters in Grasshopper Falls township. The result there shows that the people of that place were not making the local issue. Under the circumstances we cannot but regard the vote of that township as highly honorable and praiseworthy. -We regard and accept it as a tender of the olive branch of peace between that Jones, township and this; and we believe our township and this; and we believe our people receive it in the same light and Sup. Pub. Inc. Colby, 176 Representative.

Of all things the ill feeling which has existed between these two localities is most reedless and damaging to both; and we hope the dawn of a better day has come.

We need Union and harmony, and we must have them to secure our common good. In the spirit of fra'ernity, with the "best good" of all at heart, we earnestly appeal to the citizens of these two townships in particular, and to those of the county in general, to let the "past be past, by-gones be by-gones," and in harmony and good will, let us unitedly work together for the welfare of all. If there are "dead bury their dead," but let us live good.

### Exactly Right.

The Gazette of last week, in a short exhortation, and to the point, to support the Republican ticket, concludes as "At present no local questions should
